

# Be part of a national trial for aphasia!

Application # 15-043

We are comparing different therapies for people with aphasia. People with aphasia will complete **assessments** and receive **one** therapy:

Treatment 1:  
speaking

Treatment 2:  
speaking, writing, drawing, gestures

Treatment 3:  
usual therapy

Participants in Treatment 3 are offered therapy later in the study.

## You can join if you:

- ✓ have **aphasia** after a **stroke**
- ✓ had your stroke more than **6 months** ago
- ✓ are available to attend **appointments** for assessment and therapy
- ✓ able to manage going to the toilet

For more information, please contact:

**Miranda Rose,**  
**Melanie Hurley, or**  
**Marcella Carragher**
